23					

Description / Action:

- D2348 updated to add tolerance from PEM spec, holes for self-clinching fasteners should be opened manually.
- D3996 is a spec cntrl dwg for PEM fasteners. The Dart p/n includes the PEM p/n as it's dash number. How the parts are stocked is up to production, may want to list both numbers?
- CHG number unaffected since only change is minor tolerance update.
